PROJECT DESCRIPTION

This is a request for Rezoning from R-E (Residence Estates) to C-1 (Limited Commercial) on 0.58 acres on the east side of Martin L. King Boulevard, approximately 500 feet north of Washington Avenue. Staff is recommending approval of the Rezoning request as the subject site is located along a 100-foot Primary Arterial within an area that has a C (Commercial) General Plan land use designation, and is already in the process of transition from residential to commercial uses. The proposed C-1 (Limited Commercial) zoning district is consistent with the existing land use designation, and will provide a buffer between a busy arterial street and existing residential neighborhoods to the east.

ANALYSIS

This is a request for Rezoning from R-E (Residence Estates) to C-1 (Limited Commercial) on 0.58 acres on the east side of Martin L. King Boulevard, approximately 500 feet north of Washington Avenue. A previous Rezoning (ZON-5222) to C-1 (Limited Commercial) was approved on 12/01/04, but the Resolution of Intent was allowed to expire after two years. The subject site is within a Rural Preservation Overlay District buffer area. The east side of Martin L. King Boulevard has a General Plan designation of C (Commercial), and falls within the Las Vegas Redevelopment Plan area. In addition, Martin L. King Boulevard is in the process of being widened to 100 feet, which meets the Title 19.06.150(B)(2) exception to maintaining the rural character of the area. These growth and development factors provide cause for this request for a greater intensity of use to be considered for approval pursuant to Title 19.06.150(C). Staff is recommending approval of this request as the subject site is located along a 100-foot Primary Arterial within an area that has a C (Commercial) General Plan land use designation, and is already in the process of transition from residential to commercial use. The proposed C-1 (Limited Commercial) zoning district is consistent with the existing land use designation, and

will provide a buffer between a busy arterial street and existing residential neighborhoods to the east.

FINDINGS

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. “The proposal conforms to the General Plan.”

The proposed C-1 (Limited Commercial) zoning district is consistent with the C (Commercial) General Plan land use designation.

2. “The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.”

The uses allowed by the C-1 (Limited Commercial) zoning district are compatible with the surrounding land uses and zoning districts, and will provide a buffer between a busy arterial street and existing residential neighborhoods to the east.

3. “Growth and development factors in the community indicate the need for or appropriateness of the rezoning.”

The area along Martin L. King Boulevard where the subject site is located is in the process of transition from residential uses to more intense commercial uses; therefore, the request for Rezoning is appropriate.

4. “Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.”

The site is accessed by a single driveway to Martin L. King Boulevard, which is designated as a 100-foot Primary Arterial by the Master Plan of Streets and Highways, and will have no direct access to the adjacent residential neighborhoods. It is adequate in size to meet the requirements of the C-1 (Limited Commercial) zoning district.
